The children at EOC Tech's Child Development Center had a very special visitor the morning of February 12. Dr. Tracy Gasbarra is not only a dentist in the Choctaw area but is the mom of our Gabriella and Michael. Dr. Gasbarra discussed with the children how to have a healthy mouth--visit the dentist, eat healthy snacks, brush and floss their teeth. Dr. Gasbarra then introduced her puppet "Drago the Dragon" for the purpose of demonstrating to the children the proper way to brush their teeth. After she finished her demonstration, Dr. Gasbarra answered questions. The children had a great deal of fun asking questions and watching Drago getting his teeth cleaned.
