

# February 15

February 8, 2010

As you know area schools have needed to be closed for bad weather days recently. In order to make up in-class days, two of our feeder schools have chosen to be in session Monday, February 15, rather than participating in in-service training. Because of this, **we will be** in session and taking children that day as well. Because we are in session, it will be a fee day.

The Parent Advisory Committee meeting scheduled for that day, 4:00 p.m., will still be held as scheduled.
