After teachers read *The Gingerbread Man* to the children, we dramatized the story (with the help of students and faculty of the Technology Center). The children prepared the cookies and placed them in the oven in our Food Service area. When returning to get the gingerbread men, the children discovered that they had escaped from the oven and were seen chasing around the campus saying, "Run, run as fast as you can; you can't catch me. I'm the Gingerbread man!" We were sent from department to department with the information that we were fast on his trail. We even found clues to his whereabouts along the way. We finally located our special Gingerbread Men in one of the classrooms. The children decorated them and ate them as part of their lunch.
